HISTORY OF PARES AVENUE

Pares Avenue opened its first store on June 08, 2019, in Maysilo, Malabon City. The company is a family-operated making each dish in our own kitchen from traditional family recipe. Focusing on the goal of “Serving Good Food” Marj, the owner, established her career in food industry way back her college days having a small canteen beside her university. She stopped cooking when she started to build her own family. But her passion in serving good food never came to an end. She decided to open Pares Avenue to provide Malabonians and to satisfy their cravings with Filipino Comfort Food.
